

Vivienda – Wohnung für Frauen

Infoblatt Englisch

This project is for those women and their children, who

- live in a Frauenhaus in Hamburg OR
 - live in a Frauenhaus in Schleswig- Holstein, but had their last residency in Hamburg
- AND
- who were not able to find an apartment in Hamburg within the last three month.

How do we work?

The women are introduced to us by the staff of the Frauenhaus.

We invite the women, you, to a preliminary meeting in our office.

We help to find an apartment:

- We introduce women and landlords to each other
- We accompany the women to appointments with rental companies

Through an advisory agreement, that we sign when the rental contract is signed, we can accompany and support you for at least the first two month. We give advice concerning all questions about the rights and duties of a tenancy and help to move in to the new apartment.

For up to three years, women as well as landlords can ask for further help whenever problems with the tenancy might occur.

Die Beratung findet in deutscher oder englischer Sprache statt.

Die Lawaetz-Service GmbH ist Verwalterin zahlreicher Wohnimmobilien und unterstützt seit über 20 Jahren in unterschiedlichen Projekten Menschen mit besonderen Zugangsproblemen zum engen Hamburger Wohnungsmarkt bei der Wohnungssuche.
